Job Opportunity

CBA is hiring a

Student Assistant

(m/f/d)

At **CBA**, we develop architecture as a system — committed to redefining the future of building. Our goal is to create visionary spaces that inspire and endure sustainably.

We are looking for a **Student Assistant (m/f/d)** on a **mini-job basis**, starting **immediately**, to support our small and dynamic team in **Hamburg**, Germany.

Your Opportunity

- Work directly with the founder **Dr. Christian Bergmann** (former Partner at Hadi Teherani Architects)
- Gain insights into strategic design processes, competitions, and large-scale international projects
- Contribute to projects in Hamburg within the service phases 1–4 (HOAI)
- Learn how architecture can act as a transformative force at the intersection of technology, sustainability, and society

Your Profile

- Architecture student from the 3rd semester onward
- Creative, structured, and reliable
- Proficient with CAD (preferably Rhino/Revit/Archicad), Adobe Creative Suite, and Office tools
- Knowledge of parametric design and/or AI tools is a plus
- Passion for experimental, future-oriented design

What We Offer

- Work in a visionary architecture practice with a **start-up mindset**
- Short decision paths, steep learning curve, and close collaboration at the **highest level**
- A wide range of projects: from explorative international design studies to local building projects
- Flexible working hours on a mini-job basis
